South Delta
Shipping & Trading Ltd.

ABOUT US

South Delta Shipping & Trading Ltd was established in the year 2008 at Dhaka, Bangladesh. Our company is recognized locally and internationally as a CUSTOMER FOCUSED SUPPLIER of mining products such as LIMESTONE, AGGREGATE, WHITE LIMESTONE (MARBLE CHIPS), PORTLAND CEMENT, CLINKER, IRON ORE, CHROME ORE, FELDSPAR, BAUXITE, BARITE & COAL among others. To facilitate the transfer of cargo from the mine to the port and eventually to the construction site and our customer's warehouse, we source from mines which are accessible to the port. We have a wide range of facilities and equipment at our disposal for land and sea transportation and exportation of mining products.

South Delta offers a diverse range of construction aggregates to meet the ever-increasing demand of the Bangladeshi market. All of our construction materials are produced under an ISO 9000 quality regime and are either delivered or available directly from the quarry. Quarried from the finest selection of Gabbro, our broad range of aggregates are renowned for their quality and consistency. Everything from large dry-stone walling to fine aggregates is available in bulk and all grades are available as per the customer's specific requirements.

PORT AND MARINE SERVICES

We have garnered a reputation for delivering the best PORT and MARINE SERVICES. Our services include LOGISTICS, PORT HANDLING, LOADING, DISCHARGING, CUSTOM CLEARANCES as well as WAREHOUSE FACILITIES. Our wide range of FACILITIES AND EQUIPMENT expedite LAND TRANSPORTATION OF MINING PRODUCTS. Aside from LAND TRANSPORTATION AND PORT SERVICES, we have our own fleet that cater to our SHIPPING SERVICES.

For more than a decade, we have been handling such services and, in the process, have gained much experience and expertise. From the outset, we sought to maximize client satisfaction and it's no different now. Our regular customers who have been with us since our incorporation as well as new ones are given services in full regard. On-time delivery and proper handling of materials are one of the key factors that we are considering in rendering full service to our customers. Our company is also engaged in building on-shore and off-shore structures that pertain to the highest quality standards.

LOGISTICS SUPPORT

We have our own local logistics to ensure timely delivery of goods up to customer's warehouse and construction sites. This has put us in a commanding position to our customers in Bangladesh, enabling us to offer competitive prices that challenge the rest of the industry.

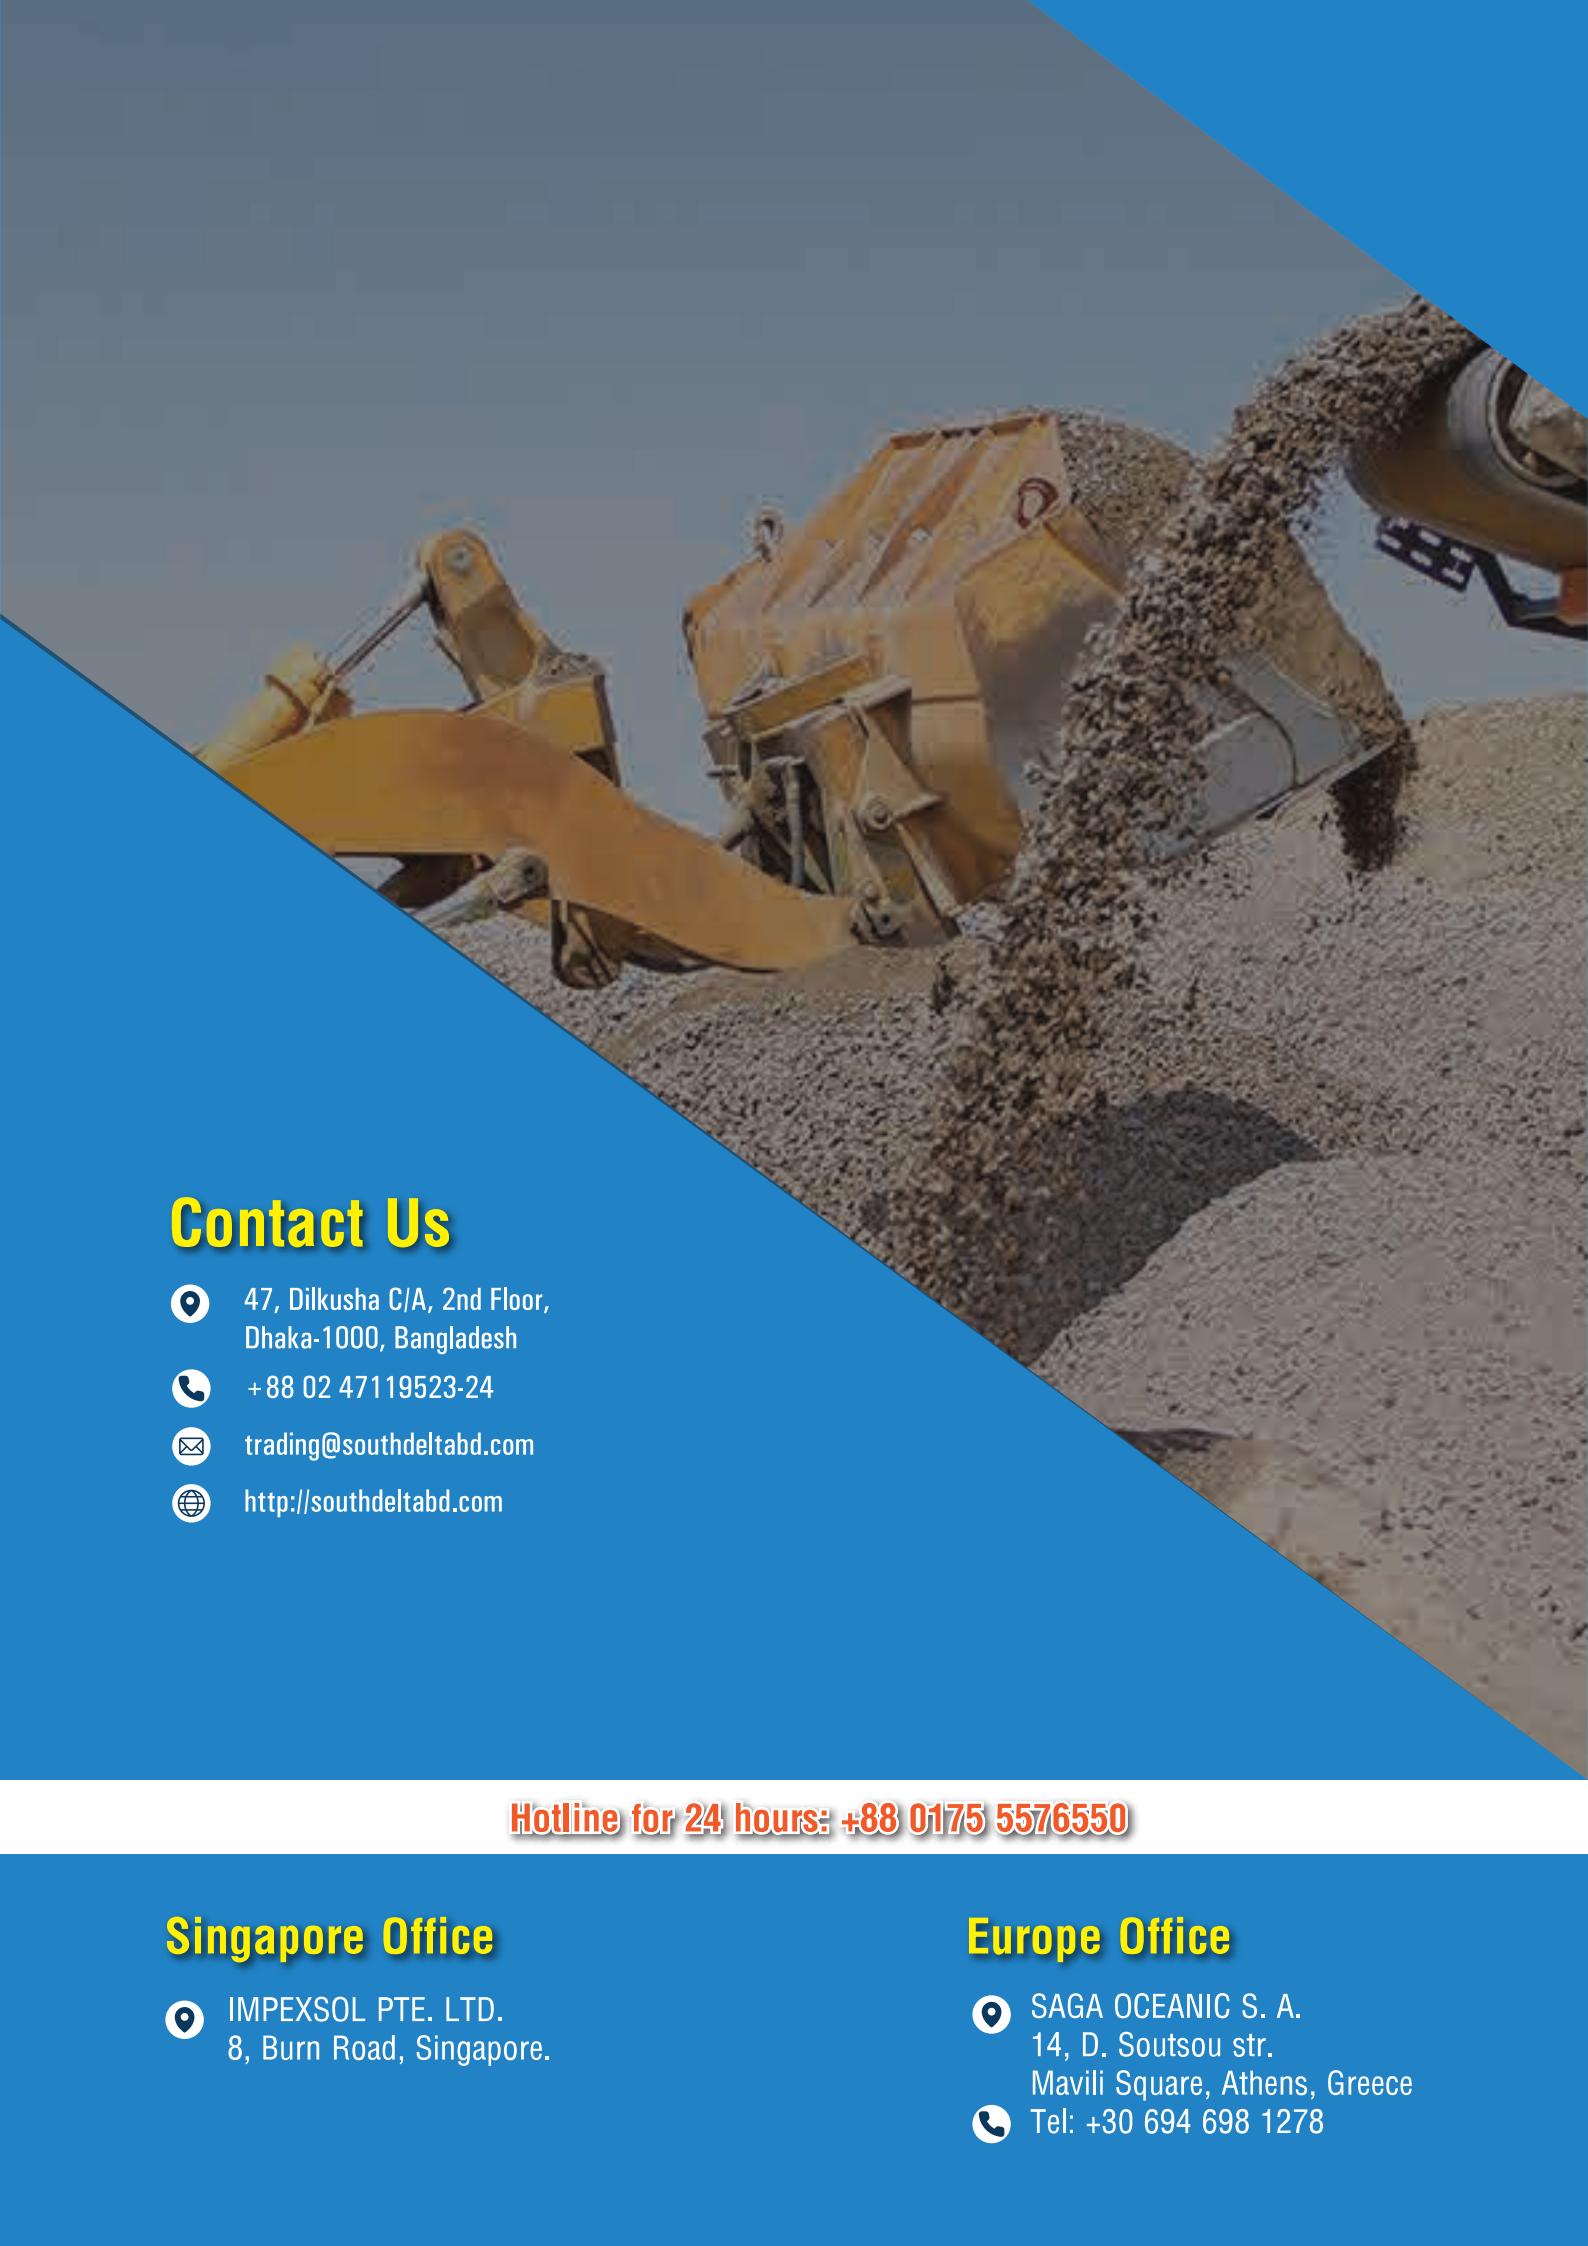

OUR MISSION

To strengthen our National & International presence as one of the leading suppliers of quarry products.

OUR VISION

To emerge as the preferred solution provider for quality aggregates and build strong and lasting relationships with clients via excellence in service, through the teamwork of our dedicated, ethical and value-driven professionals and business associates.
